

Patent Application of Todd Phillip Bredeson
for "Backpack for Tractor seat – Cargo Carrying" continued
Page 6

ABSTRACT OF THE DISCLOSURE: Comprised of a pliable material main body having attached cargo pockets of pliable material and cargo tie straps. The cargo tie straps are a combination of pliable material and hook and loop fasteners. The main body incorporates two sets of adjustable fastening straps that allow it to be cinched to the back of a seat. The first of two cinch straps is made of pliable material, a buckle loop and hook and loop fasteners. The second of two cinch straps is made of elastic strips and hook and loop fasteners.
